

## ***Read What Doctors Say About The Cambridge Program for Better Vision:***

“The Program for Better Vision is the most comprehensive, progressive and effective I have seen. There is no question that the body/eye relaxation and visualization techniques you use will help improve vision. I plan to recommend your program to my patients.”

--*Dr. Dale Freeberg, O.D., Los Angeles CA*

“There are but few informed, courageous and qualified leaders concerned with those persons seeking to improve their vision. I believe that the Cambridge Institute for Better Vision offers realistic and proven alternatives to glasses and deteriorating vision.”

--*Dr. Leslie H. Salov, Director, The Vision & Health Center, Whitewater, WI*

“The relaxation and visualization techniques enhance the physical flexibility exercises and lead to re-learning how to use the eyes the way that they were meant to be used. I am going to recommend you to several patients.”--*Dr. Marcel Gingras, optometrist, Montreal, Quebec*

“We would again like to express our appreciation for the Cambridge Institute’s continued efforts toward educating the American public’s understanding of the care and enhancement of their vision. It is a real pleasure when your organization refers a patient to us.”

--*Dr. O. Reynolds Young, Dallas, TX*

“I was very impressed with your home-study audiotape system, *The Program for Better Vision*. Once patients see the improvements they make with your Program, many are motivated to continue working with a doctor who is certified in vision therapy.”

--*Dr. Stanley A. Applebaum, Bethesda, MD*

“In the last 15 years, I have examined many patients who have used the Cambridge Institute’s *Program for Better Vision*. For any person interested in improving their vision, this Program is a must to try.”--*Dr. Richard Kavner, New York, NY*

“I have used *The Program for Better Vision* with a number of my vision therapy patients, as an adjunct to the usual in-office vision rehabilitation we provide. I would recommend the Cambridge Institute’s programs to my colleagues.”--*Dr. Errol Rummel, O.D., Jackson, NJ*
