SCALEBLASTER® WATER CONDITIONER

Salt-Free Solution to Hard Water Problems

Luxury Living

Available through your plumbing professional

NEW PRO SERIES

Tankless Water Heater Solution

The heat exchanger in tankless water heaters will foul up with scale deposits rapidly & require regular service calls to flush out the lines with CLR or vinegar. ScaleBlaster will eliminate that.

Protect Your Appliances

Your appliances & fixtures that come in contact with hard water will operate much more efficiently and will have a prolonged life expectancy with ScaleBlaster installed.

SCALEBLASTER® WATER CONDITIONER

Salt-Free Solution to Hard Water Problems

Introducing the New Pro Series

ScaleBlaster is the eco-friendly, healthy & economical alternative to your hard water problems.

Water Softeners replace calcium with salt. They waste water and discharge hazardous brine into our water systems.

With ScaleBlaster, the calcium remains in the water, which is

beneficial for the human body. *Why remove it?*

- No Salt
- No Chemicals
- No Filters
- No Maintenance

Works on Copper, PVC, CPVC & PEX pipe

Solving Endless Problems

ScaleBlaster will remove limescale deposits while prolonging the life of...

- Piping system
- Dishwasher
- Washing machine
- Faucets
- Sinks
- Humidifiers
- Water heaters
- Tankless heaters
- Toilets
- Showerheads
- Coffee makers
- Radiant heating

- Removes & Prevents Limescale Formation
- Healthy & Eco-Friendly Solution to Hard Water
- Ideal for Tankless Water Heaters
- Prolongs the Life of Appliances

- No Salt
- No Chemicals
- No Filters
- No Maintenance

ScaleBlaster.com

Water Softeners	vs.	SCALEBLASTER® WATER CONDITIONER
Expensive to purchase & maintain		Affordable, one-time investment
5 to 10-year lifespan		Up to 20-year lifespan
Requires continuous maintenance		Never requires maintenance
Takes up lots of floor space		Mounts on a wall
Requires continuous purchasing of salt		Requires no salt or chemicals
Harmful for people on salt restricted diets		Safe for people on salt restricted diets
Intrusive to the water		Non-intrusive to the water
Increases water & sewer bills greatly		Does not require any additional water usage
Discharges chlorides into waste stream		Environmentally "green" product
Makes Skin feel dry		Makes skin feel softer
Makes water feel slippery		Makes water feel "Silkier"
Soap suds difficult to remove		Soap suds wash away easily
