# SpaBuddy Relax Pain Therapy

**NEW**

The SpaBuddy Relax emits a small electrical current (microcurrent) at different frequencies. It can be used anywhere on your body using the adhesive-backed electrode patches; and on your back using the padded waist belt. Simply connect the electrodes to the controller and choose your frequency level. Comes with eight 2-inch-square electrodes: Four of them attach to the belt and four are for use on other areas of the body.

- Soothes tired, sore muscles
- 8 programming modes
- 30 intensity levels
- Adjustable timer
- Digital Display

## **This Product includes:**

- Control unit
- Belt (fits up to 42", with extension for up to 60")
- Eight electrode patches
- Three AAA batteries
- Storage bag

**Price: \$129.95**
